KLove is pretty much the only station we listen to. It is so encouraging and rejuvenating to listen to Christian music, counseling and advice. It helps us to live our lives centered around Christ. We pray that KLove stays on the radio in our area(s) because we know that it would affect other fellow Christians in the community. They look forward to the encouraging word everyday just like us. KLove clearly serves the public interest by spreading God's word and attempting to lead people to take up Christ as their savior.
